Remarks/Directions

Client Rmks: **This well-maintained year-round home/cottage on Sturgeon Lake provides big-lake views and excellent docking and marine rail facilities without the high taxes associated with direct waterfront ownership. There is plenty of room for family and guests with more than 2,700 sq ft of living area on two levels including four bedrooms and extra sleeping areas in the large rec room. The main floor features open concept living, dining and kitchen areas with wall-to-wall lake-facing windows and a sliding door leading to an expansive deck that affords striking panoramic vistas across the lake. Practical features include an attached double garage, a wide paved driveway, a newer septic system (2014) and the option to toggle between lake and well water. The half-acre lot provides plenty of level lawn for outdoor activities, along with exclusive use of 100 ft of waterfront on the municipal road allowance across Long Beach Road. The property's location on the western shore provides protection from prevailing winds, and is conveniently located midway between Lindsay and Fenelon Falls on a municipally maintained road for easy access to shopping and services.**

Inclusions: **Fridge, stove, dishwasher, dryer, all beds except in Primary, window coverings, electric light fixtures, docks, marine rail**
