Paudash Lake

Paudash Lake is situated on the Canadian Shield and has picturesque expanses of clear deep waters cradled between steep, rolling hills. The lake has an element of ruggedness from islands and shorelines that thrust rocky, pine clad summits high above the water.

The rolling landscape, natural shorelines and pristine water quality has attracted many people to the lake.

Paudash Lake is divided into two lakes named Upper and Lower Paudash lakes. Upper Paudash Lake is further divided into North Bay, Inlet Bay and Joe Bay.

Combined, the lake has a total surface area of 1,216 hectares (ha), a mean depth of 9.3 metres (m), at the regulated level, and a total shoreline length of 59.7 kilometres (km).
